

Presentazione Progetto React per il master in Front End Developer di Luca Radatti

Progetto

Il progetto richiedeva la creazione di un sito web per la ricerca di ricette vegetariane tramite una barra di ricerca.

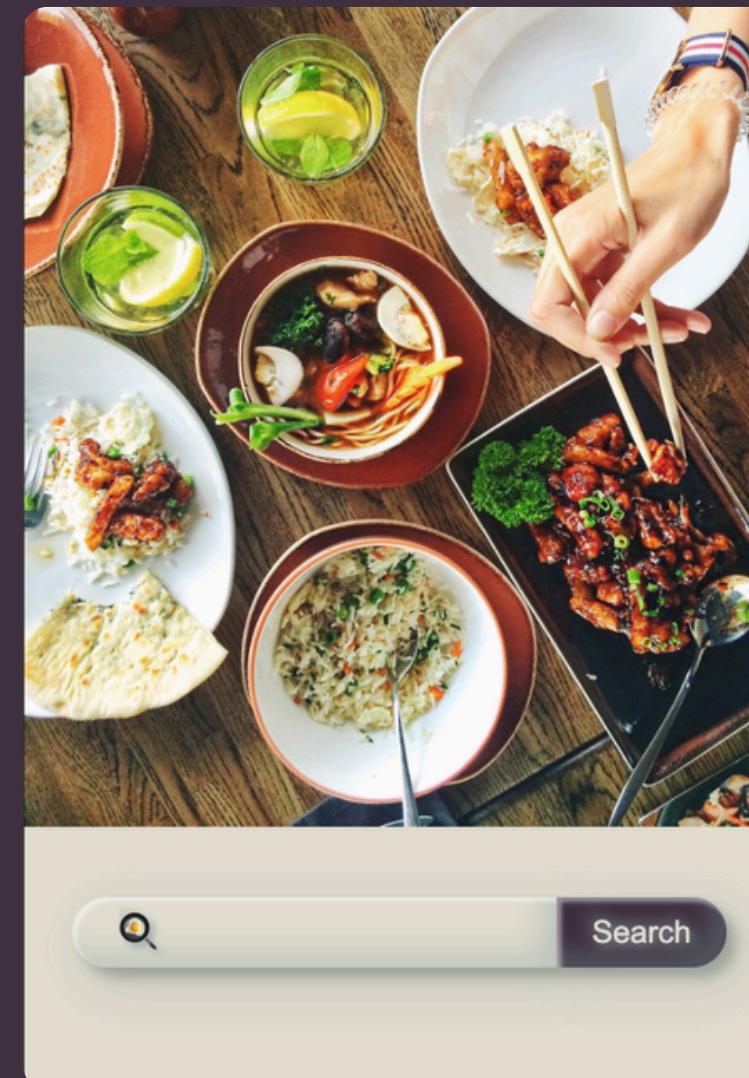

Requisiti

- Barra di ricerca che permetta di cercare tutte le ricette vegetariane.
- Ogni ricetta cercata dovrà mostrare almeno titolo e immagine di copertina.
- Cliccare su una ricetta porterà ad una pagina dedicata, dove verranno mostrate ulteriori informazioni.
- UI e UX semplice e facile da usare.
- Struttura dell'app organizzata e comprensibile.
- Design responsive.

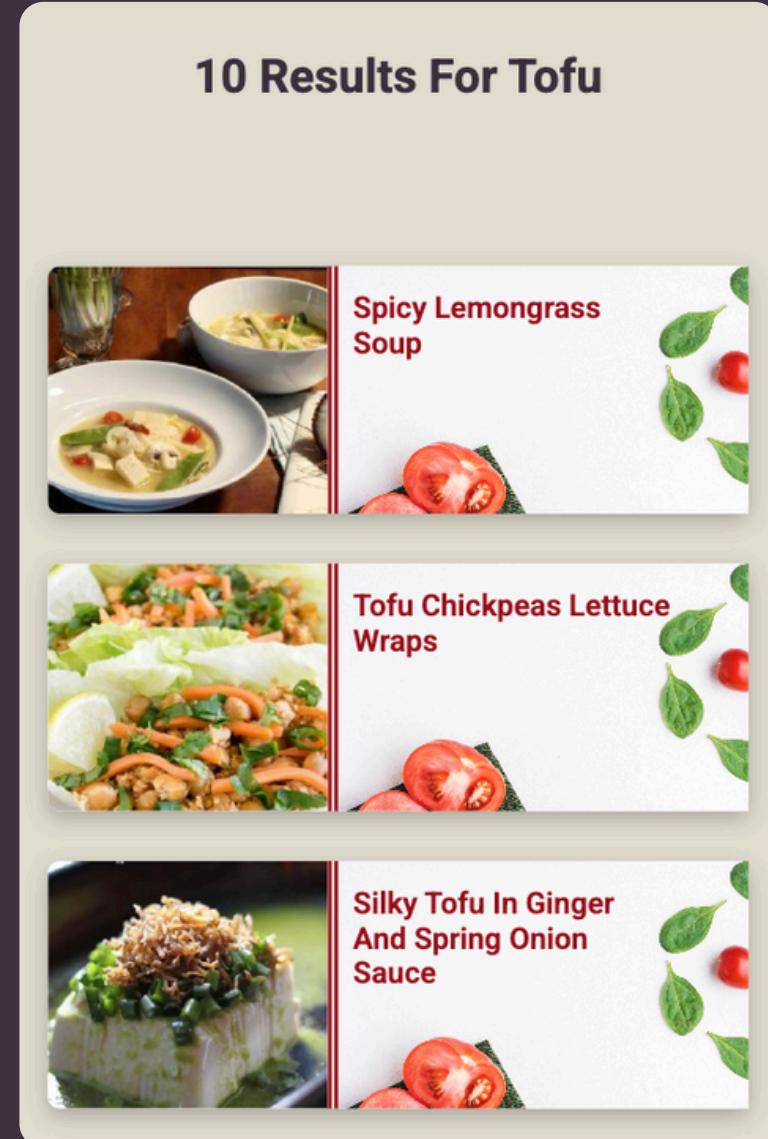

La Ricerca

La funzionalità di ricerca ricette si basa su una semplice barra di input. L'utente può inserire un ingrediente e, tramite una chiamata all'API di Spoonacular, il sistema recupera e visualizza un elenco di ricette vegetariane e vegane pertinenti.

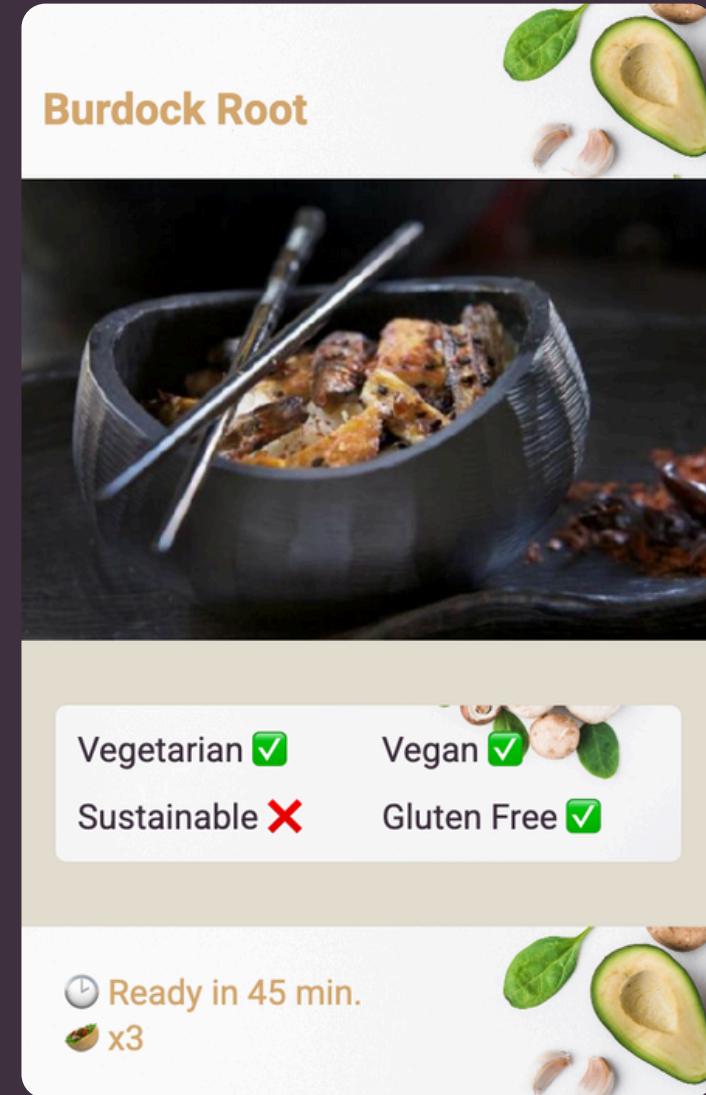

Visualizzazione risultati

Dopo aver inserito l'ingrediente e premuto 'Cerca', i risultati pertinenti vengono mostrati in formato card, con immagine e titolo della ricetta.

Pagina Dettagli

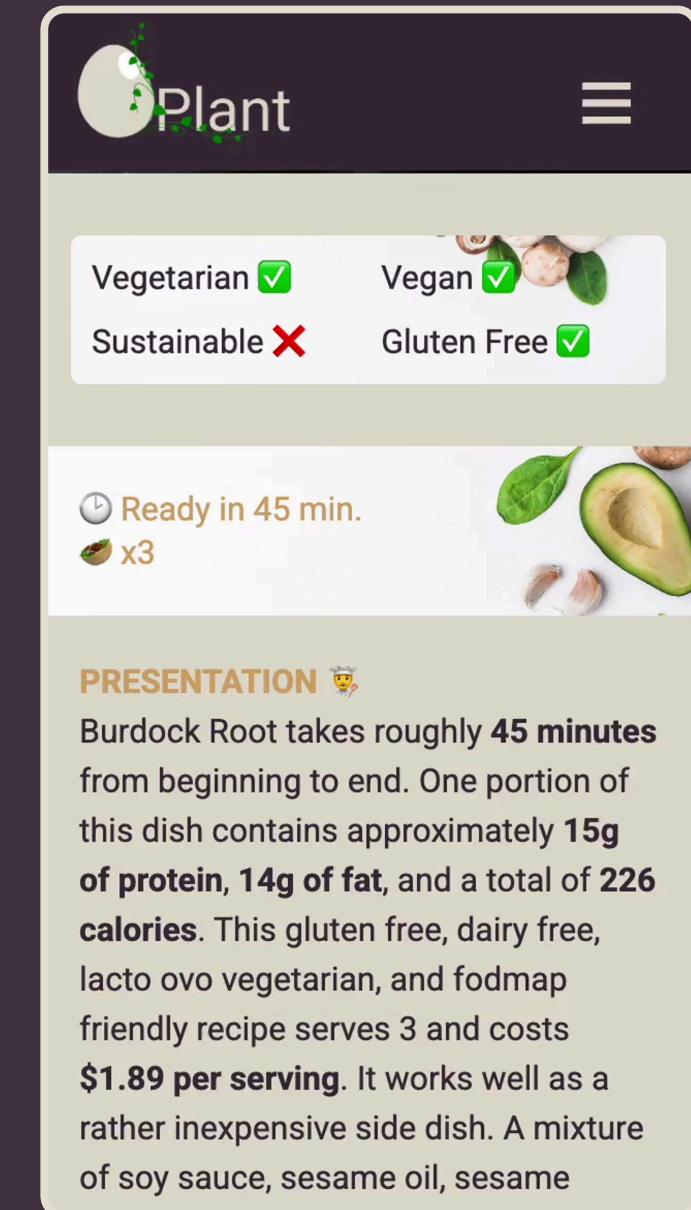

Cliccando sulla ricetta desiderata, si apre la pagina dei dettagli, dove sono disponibili tutte le informazioni pertinenti

Pagina Dettagli

I dettagli che visualizzerà l'utente sono:

- Titolo della ricetta
- Immagine
- Se la ricetta è vegetariana
- Se vegana
- Se sostenibile
- Se senza glutine
- I tempi di preparazione
- Per quante persone è la ricetta,
- La presentazione della ricetta,
- Per quali altre diete è indicata
- L'occasionalità stagionale della ricetta, se presente
- La procedura di preparazione

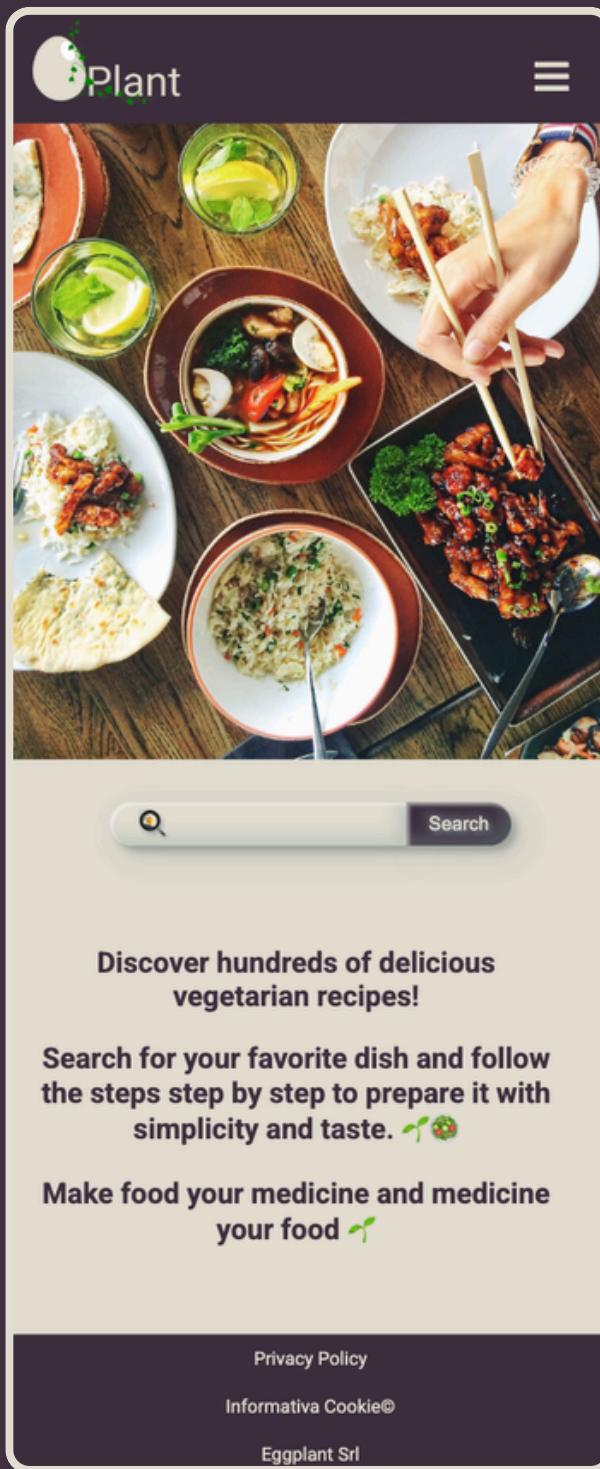

UI e UX

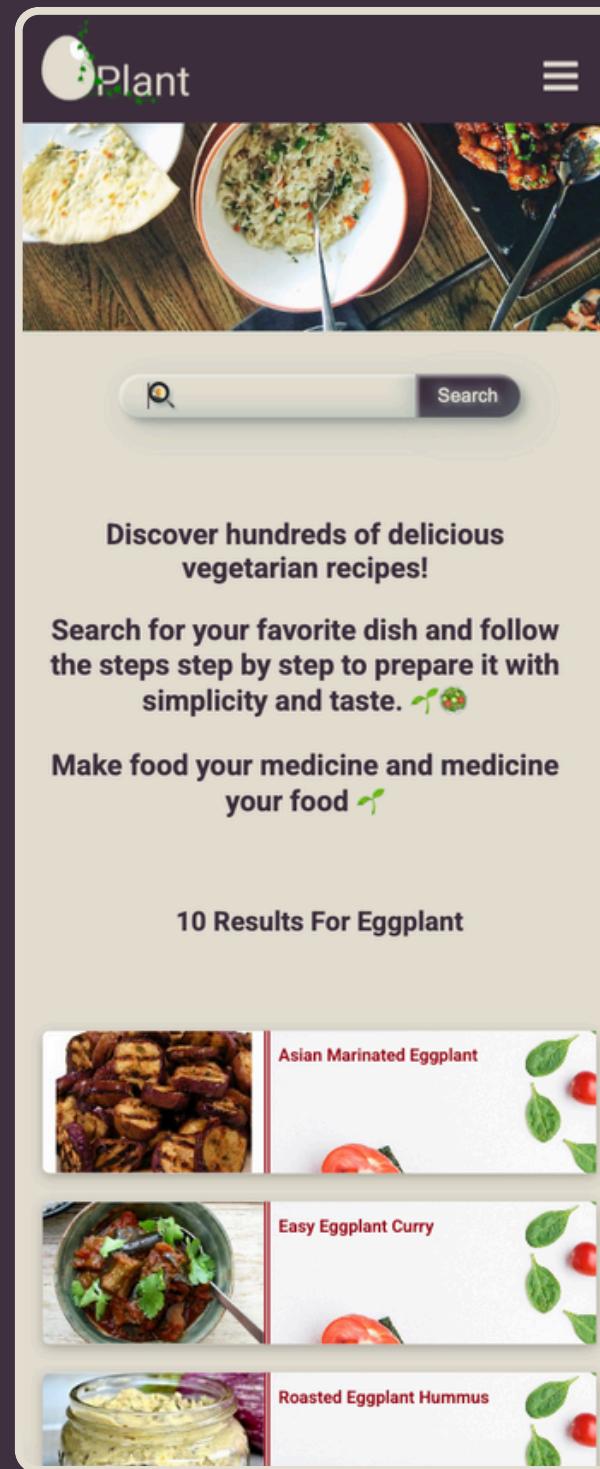

Il sito Eggplant ha un interfaccia intuitiva, con una barra di ricerca ben visibile, permette all'utente di trovare rapidamente la ricetta vegetariana o vegana desiderata. Premendo invio, l'utente viene indirizzato ai risultati con uno scroll guidato, mentre un clic conduce a una pagina dettagliata della ricetta, sempre con il menu di navigazione a portata di mano grazie alla navbar sticky.

Pagine Contact Us e About Us

The screenshot shows a mobile application interface for 'Eggplant'. At the top, there's a logo with a stylized eggplant icon and the word 'Plant'. To the right is a menu icon (three horizontal lines). Below the header, a yellow bar contains the text 'Contact Us - Eggplant' with a small envelope icon. The main content area has a light beige background. It features a heading 'Have inquiries or suggestions for us?' followed by a text block: 'Contact us! We will be happy to answer your questions, listen to your suggestions or listen to your suggestions'. Below this are three input fields: 'Your Name', 'Your Email', and 'Your Message', each with a placeholder text. A large dark blue 'Send' button is at the bottom. At the very bottom of the screen, there's a footer bar with links: 'Privacy Policy', 'Informativa Cookie®', and 'Eggplant Srl'.

The screenshot shows a mobile application interface for 'Eggplant'. At the top, there's a logo with a stylized eggplant icon and the word 'Plant'. To the right is a menu icon (three horizontal lines). Below the header, a yellow bar contains the text 'Welcome To Eggplant!' with a small envelope icon. The main content area has a light beige background. It features a text block: 'Eggplant is the perfect place for those who love vegetarian and vegan cuisine. Our mission is to make healthy, sustainable, and delicious food accessible to everyone.' Below this is another text block: 'We believe that cooking with fresh, seasonal ingredients can improve not only our health but also the planet. Discover creative, simple, and tasty recipes for every occasion!'. Further down, there's a section titled 'Our Values' with four items: 'Sustainability' (leaf icon), 'Well-being' (apple icon), 'Community' (two people icon), and 'A space for food lovers'. At the bottom, there's a footer bar with links: 'Privacy Policy', 'Informativa Cookie®', and 'Eggplant Srl'.

Responsive Design

Il sito utilizza un approccio responsive design granulare, con media queries specifiche per ogni componente di pagina, garantendo una visualizzazione ottimale su diversi dispositivi. La pagina di dettaglio della ricetta adotta un controllo dinamico del ridimensionamento della finestra, passando da una struttura di visualizzazione della card a singola colonna (< 760px) a una a doppia colonna ($\geq 760px$).

Responsive Design

The mobile view shows a simplified version of the recipe card. It includes the title "Roasted Eggplant Hummus", a large image of the dish in a jar, and a summary section with cooking time and portion size. Below this, there's a "PRESENTATION" section with a detailed description of the dish's nutritional value and ingredients.

Vegetarian ✓ **Vegan ✓**
Sustainable ✗ **Gluten Free ✓**

Ready in 45 min. **x6**

PRESENTATION
You can never have too many middle eastern recipes, so give Roasted Eggplant Hummus a try. For \$1.11 per serving, this recipe covers 13% of your daily requirements of vitamins and minerals. One portion of this dish contains around 7g of protein, 14g of fat, and a total of 232 calories. This recipe serves 6. This recipe from Foodista requires salt, eggplant, extra virgin olive oil, and garlic clove. 1 person has tried and liked this recipe. It works best as a hors d'oeuvre, and is done in roughly 45 minutes. It is a good option if you're following a gluten free, dairy free, lacto ovo vegetarian, and vegan diet.

The tablet view provides a more detailed look at the recipe card. It includes the title "Roasted Eggplant Hummus", a large image of the dish in a jar, and a summary section with cooking time and portion size. Below this, there's a "PRESENTATION" section with a detailed description of the dish's nutritional value and ingredients.
